It is a happy augury for the uture of our party in the State that a timely frost has nipped in the bud the designs and aspirations of all disorgan-

THE POWER OF THE SOUTH.

izers within the limits of the common

Even the southern people themselves do not realize their own importance in the Union. The commercial men of was made to fire A. Schenerman's resithe north understand this matter, and dence at Griffin. hence their friendship for the south and At the recent Sandersville fair a peri their great desire to see the south re- patetic pill-vendor was taken for Alexstored to peace and prosperity. The ander H. Stephens, following table from the Enquirer killed by David Hollis, in self-defe shows the exports of the south to foreign countries in 1859, after it had supplied the necessities of this country. the necessities of this country:

pirits turpentine.

them that "the entire exports of the curiosity. southern States contributed considerably more than one-third to the maintenance of foreign trade. If they had the control of their State and local governby carpetiaggers supported by the bayotry which is at her doors. It is her people who should especially desire to see to part them. the south contented and happy. But it A Bibb county grand jury has declared

The last outrage in Memphis, the last purposes other than to give the childre of the county a plain common-school of the county a plain common-school of the county at plain common-school of the county at plain common was the arrest of W. O. Harvey, of the education. firm of Ely, Harvey & Richardson; F. M. White, and several other prominent merchants of this city, under indictment for discharging colored men for voting the Radical ticket. It has created a profound sensation in the nort. The press is denouncing the outrage in the Sugar-boilings are popular in 1 severest terms. It is shown that oper-atives in porthern factories in the severest terms. atives in northern factories have been ments. dismissed on account of their votes, and that this custom has prevailed even in the United States navy-yards. But the New York World discusses this question in a legal and constitutional view, showing most conclusively that the arrest of American scale. ing most conclusively that the arrest of American eagle. the citizens of Memphis is gross usurp. The Taliahassee Scatinel says Puration. The article in the World is ex-haustive, but its great length precludes the possibility of transferring it to our columns. It shows that the constitucolumns. It shows that the constitutional amendment under which the enforcement act was passed, and this outrage was committed, "does not confer the right of voting on anybody. The States are still the source of the right of suffrage; they are only required, in granting it, not to bestow it on white men who have certain qualifications, and at the same time withhold it from black men having the same qualifications. If in any State suffrage exists by law for all makes of twenty-one years of age, it must include negroes as well as white men. Now, the power of 'appropriate legislation,' which is given to congress for the enforcement of this constitutional provision, is a power to reach and prevent any sot of a State which authorizes

should selze a black man having the right to vote, on the morning of an elec-This class of politicians are running the gauntlet of kicks and curses. In every part of the country both parties are administering the rebuke which the hermaphrodites deserve. The Democratic party since the war has been the sole defense of the people in their efforts before or after the offense, to etc., sufficient to furnish us with bread sole defense of the people in their efforts to stay the flood of Radicalism, with its ignorance, its corruptions, its robbery and oppressions. But the independents consulting their own vanity or avarice, have warred upon Democracy, endeavored day after day to show that it was dead, powerless for good. But the result shows that they are not propnets, and the people will spurn their advice to the States by that constitution, and the people will spurn their advice to the States by that constitution, the states of the offense, to defense, to make it an offiense and to punish and fatten our pigs. Since then we have done all of our work with our hands, making a plenty to live on, besides something to put upon the shelf. We have now about thirty acres of land cleared; half is planted in orange trees, some of which bloomed last year. Our banana patch, about twenty yards square, alone produces enough to supply us with flour. We have also a good house, nearly completed. We would and the people will spurn their advice for the future. The triumph of the Democratic party in spite of the organized opposition by the Republicans and in States from protecting the States from protecting the spite of the States from protecting the States from protecting the spite of the spite of the states from protecting the spite of the spite of the states from protecting the spite of the spite
